**"The Crystal Kids"
(our 9 crystal skulls)**

One of the crystal skulls you will meet during the workshop or session is **Portal de Luz (the large skull in the middle)**, one of the "Crystal Kids" that travels with Joshua and Katrina. "Portal" has traveled to several sacred sites in the world with his brother & sister skulls. Portal and the Crystal Kids traveled to Peru in 2009. "He" has had a chance to visit with some of the "Ancient" Skulls and an Atlantean Crystal Ball.

Logistics of the Workshop and Sessions:

The **Friday evening workshop** offers an opportunity to meet Joshua and Katrina, hear some of their amazing stories linked to the skulls, and meet their "Crystal Kids". It is also an opportunity to learn about the ancient crystal skulls, the various theories of how the skulls were created, and their purpose in the world today. Hands-on work with the skulls will be provided to everyone to experience their energies directly. A question and answer period will be provided and this will conclude with a meditation for world peace and music by Joshua. The **following week of the 13th-16th**, Joshua, Katrina, and the "Crystal Kids" will offer private healing sessions to allow people to directly experience the crystal skulls' energies, receive a spiritual healing with Katrina and an intuitive reading with Joshua. Contact Sandra with Bamboo Arts Celebration Center for information and scheduling.
